Why do you need an auspicious wedding date?

Selecting an auspicious date for matrimonial occasions such as wedding, Guo Da Li (过大礼) and An Chuang (安床) ceremonies helps to ensure that things flow smoothly on the actual day. It also represents starting your married life on a positive note, bringing good fortune, prosperity and happiness to you and your partner.

Things to note:

Highlighted dates are auspicious dates you may consider to carry out a joyous occasion.

Zodiac Clash refers to the date you should avoid if you are born in the year of that particular zodiac sign. For example; Those who are born in the year of the "Rabbit" should avoid getting married (or carrying out any matrimonial event) on 3 January 2023.

Bad direction refers to the direction that you should avoid facing when carrying out the activity.

*DISCLAIMER

A traditional lunar calendar requires 7 leap months every 19 years, with an average of 1 leap month every 3 years. In 2023, there is an extra second lunar leap month in February, which reflects the 384 lunar days.
